

## Governors Newsletter Spring 2019

It is two years since Ofsted visited us and deemed that the school 'Requires Improvement'. We are expecting them to revisit very soon and look forward to being able to demonstrate the improvements we have made. I would like to thank Miss Prickett and all her staff for the sustained hard work to achieve the progress that we believe will ensure that The Reddings Primary School regains its 'Good' judgement. More importantly, new approaches and updated resources along with a close attention to monitoring the quality of teaching and learning has improved the educational experience for your children in school.

The Governing Board is also turning its attention to the Vision and Ethos of the school. It is our duty to ensure the clarity of the vision and the strategic direction. A new vision statement is currently being consulted on with all stakeholders. We take very seriously the 'Success For All' motto and our aim is to oversee a broadening of the curriculum and the provision of a range of opportunities to allow your children to experience success.

We are also very pleased to have launched this term the Governors' Writing Competition in which all the children are involved and we are very excited to see the entries and award some prizes.

It is clear to us when we visit that there is a very positive and happy atmosphere. We still have a vacancy for a parent governor. If you are interested in taking an active role in supporting and guiding the development of your school, we would be very pleased to hear from you.
