

The logo features a stylized blue letter 'S' with a pink smiley face (two dots for eyes and a curved line for a mouth) integrated into its top curve. To the right of the 'S', the words 'SMILE and stay safe!' are written in a black, sans-serif font.

# SMILE and stay safe!

**S**taying safe means keeping your personal details private, such as your full name, phone number, home address, photo(s) or school. Never reply to ASL (age, sex, location) requests.

**M**eeting up with someone you have met online can be dangerous. Only meet up if you have first told your parent or carer and they can be with you.

**I**nformation online can be untrue, biased or just inaccurate. Someone online may not be telling the truth about who they are - they may not be a 'friend'.

**L**et a parent, carer, teacher or trusted adult know if you ever feel worried, uncomfortable or frightened about something online or someone you have met or who has contacted you online.

**E**mails, downloads, IM messages, photos and anything from someone you do not know and trust may contain a virus or unpleasant message, so do not open or reply.
