

## Governors Newsletter Summer 2019

We are very pleased to announce that Ofsted visited this term and deemed our school to be 'Good'. I would like to thank all members of staff for the consistent hard work over the past two years that has led to the required improvements. The school is moving forward rapidly and will continue to build on its current success. Most pleasingly, the inspectors commented on the good behaviour of your children and said that they were 'interested and interesting'.

Mike Penning – local MP – and Terry Douris – Local Mayor – visited the school to congratulate us and met with the School Council who had many questions to ask. They also visited our new Early Years Centre which will be in operation from September. This includes a community room which we are hoping will provide opportunities for parents and members of the wider community to come together.

I would like to say a huge thank you to Suliman Rafiq who has been a parent governor for the past four years. As Vice Chair and Chair of the Improvement and Outcomes Committee, he has contributed a great deal to the school and was instrumental in reshaping the Governing Board and the way it worked after Ofsted visited in 2017.

We are pleased to welcome Claire Spinola as the new parent governor and we are hoping that she will bring her PR skills to help get the message out to the local community that The Reddings is a great school.
