

Weekly Newsletter – 13 November 2020

I wanted to start this newsletter with the best thing that has happened this week. Today our new crossing patrol has started!

I know that we have been waiting such a long time and that parents have been worried as it is such a busy road but hopefully now we can all feel a bit safer. I know that we will all make her feel very welcome.

I also wanted to take this opportunity to thank you for the generous donations towards Children In Need. We aren't able to give you a total just yet but we will let you know as soon as possible.

Flu Vaccination

The nurses will be administering the flu vaccination on Monday 16 November 2020, to the children who have permission to receive this vaccination. The nurses will be returning on 8th December 2020 to complete the vaccinations.

Children who receive the flu vaccination may suffer from a mild fever, which usually resolves within 4-8 hours. This is a common, expected reaction and isolation is not required unless a household member or someone you have been in close contact with has tested positive to COVID or is self-isolating.

Common side effects from the flu vaccination include:

- Feeling generally unwell, shivery, achy and tired.
- Nasal congestion/runny nose, reduced appetite, feeling generally unwell and headache.

These side effects usually disappear within one to two days without treatment but paracetamol can be given if necessary to relieve any of these symptoms.

As has always been recommended, any fever after vaccination should be monitored and if parents or carers are concerned about their child's health at any time, they should seek advice from their GP, Pharmacy or NHS 111.

Remembrance

We gathered together virtually as a whole school to commemorate Remembrance Day and to respect the 2 minutes silence. Each class also made poppies and these have been displayed in each class window with a selection on the fence by our main gate.
